

Tony Kolbeck recently joined the Illinois Department of Healthcare and Family Services as the Hospital and Provider Services Bureau Chief where he is responsible for the provider enrollment section. An Air Force veteran, he served as a law enforcement specialist at multiple Air Force assignments across the world. Tony worked as a county corrections officer before beginning his career in state government in 2000 with the Illinois House of Representatives. He moved on to become a legislative liaison at both the Illinois Department of Military Affairs and Veterans Affairs where he developed and implemented legislative initiatives for both agencies. Tony also had the pleasure of serving in executive management positions at several state agencies.
